

Call for Abstracts

32nd International (Virtual) Meeting of the Brunswik Society

The Brunswik Society will hold a virtual international meeting. We invite abstracts of research on any theoretical or empirical (basic or applied) topic related to Egon Brunswik's theory of probabilistic functionalism, lens model framework or method of representative design. This includes recent expansions to topics such as ecological rationality. Research focusing on Ken Hammond's contributions to the Brunswikian tradition are also encouraged (e.g., multi-cue probability learning, inter-personal learning, inter-personal conflict, cognitive continuum theory). In addition, we would be interested in hearing about connections between the above ideas and other perspectives. We encourage participation from scholars at every stage of their career, from student to emeritus. For more information on this area see <https://brunswiksociety.org/>

Date: Friday December 4th 2026

Starting Time: Noon US Eastern Time (17.00 GMT, 18.00 CET)

Location: Zoom

Anticipated Format: Short presentations, Q&A, and group discussion. We also hope to plan a social hour on a more interactive platform which would start 15mins after the end of the meeting. This is a great opportunity to catch up and network.

Participation: If you wish to present your paper then please send a title and brief abstract (125 words) to Mandeep Dhama (e-mail: m.dhama@mdx.ac.uk) by **Friday 30th October 2026**. Alternatively, if you simply wish to attend and listen and/or contribute to the open discussions then please register your name, affiliation and email address with Gijs Holleman g.a.holleman@tilburguniversity.edu by **Tuesday 1st December 2026** in order to receive the Zoom meeting link.

This scholarly event is free!

Please forward to students/early career researchers in your department.

If you have any questions please contact one of the meeting organizers:

Mandeep Dhama (m.dhama@mdx.ac.uk)

Gijs Holleman (g.a.holleman@tilburguniversity.edu)
